WELCOME

Seminary Hill is an all-season flexible space that offers a distinctive venue to host your weekend wedding. Located 2 ½ hours northwest of

New York City, our holistic apple and pear orchard and working cidery provide breathtaking views of the Catskills and the Delaware River Valley. As Conde Nast Traveller remarked, the setting evokes “James Fenimore Cooper’s America, with a dash of Tuscany.”

We offer both indoor and outdoor settings. You may stage your ceremony on a high ridge overlooking the Delaware River or nestled among the apple and pear trees. You may serve lunch or dinner in our award-winning Tasting Room or our elegant Wedding Tent. Our Executive Chef Jack Tippett has created seasonal catering menus that pair perfectly with our ciders.

Included in the wedding package are the Mountain House and Cottage, sleeping ten guests. Additional lodging for 50 guests is available at the Boarding House and two houses in Callicoon, the small town just down the hill that is listed on the National Register of Historic Places. Seminary Hill’s warm professionalism makes this the ideal setting for your wedding!

A NOTE FROM THE OWNERS

“Reinventing Tradition”

The inspiration for Seminary Hill comes from Doug’s love for this small corner of the Catskills, where his family on both sides settled five generations ago. They planted apple trees to make their own cider and lived off what they could produce on their small farms. In the summers they welcomed boarders and served them “farm to table” meals decades before the term became fashionable. Doug courted Susan by taking her on visits to his grandparents, and now they together invite you to explore this special corner of the world and to host your friends and families for a wedding as spectacular as the views from the Tasting Room and Mountain House.

ORCHARD

Our 1,500-tree orchard overlooks a former seminary nestled at the bottom of the hill. In spring, the trees blossom in varied hues of white and pink. In summer, our 60+ varieties of apples and pears ripen on the branches. In fall, vibrant foliage provides a gorgeous backdrop to harvest time.

CIDERY & TASTING ROOM

Overlooking the orchard, the cidery combines a ground-floor production facility with a top-floor tasting room and event space. The wood inside and outside the cidery is larch reclaimed from the underwater pilings of the old Tappan Zee Bridge. Distinctively shaped table tops on the veranda are made from oak cleared from the land while building the cidery. Nestled next to the Tasting Room is our 250 person event tent. Whether you stage your event indoors or outdoors, you will have spectacular views of the Delaware River Valley. We can organize special tours of the orchard and cidery for your guests, or you can present your guests with bottles of ciders as mementos of your event.

MOUNTAIN HOUSE & COTTAGE

Just around the corner from the Orchard and Cidery sit the Mountain House and Cottage (5 bedrooms and 3 bathrooms) with stunning views in all directions. Built from timber felled on the property, the houses are simply furnished, with kilim rugs covering the wood floors, a vaulted living room with a fireplace, fully equipped kitchen, washer and dryer, and an herb and vegetable garden. Sitting atop a ridge, the Mountain House & Cottage encompass 65 acres of private land. The winding Delaware River and the rolling hills of the Catskills converge to form breathtaking scenes for photographs and vows. The stone fire pit is the perfect place to watch the sunset.
